2. Enter the number on the back of your Shaws card or at the top of your Shaws receipt (all digits)
3. Enter the phone number you used when you got your card (if you enter the wrong number, call customer service # on the screen.)
4. If the above numbers match you, will be asked to enter the 11 digit organization number **49001018583**

The only problem you could have is matching up the shaws card number with the correct phone number. Call the number on the screen in step 3. They were very helpful and supportive.
